## **Tutor Request Form**

Our goal at America Reads is to provide literacy supports through our tutors for children that are not on reading level for their grade or not at a third grade level.

To get started with our program, please complete this form and return by fax or email. We will do our very best to place a tutor(s) at your site, but it ultimately depends upon the number of active tutors, travel, and availability. If we are unable to provide you with a tutor(s) this semester, we will do our best to meet your needs next semester. If we are able to make a match between your site and a tutor, we will contact you to start the process.

Thank you for your interest! We look forward to working with you and your students.

Join us as we invest in America's children and impact America's future.
