 Welcome to Historic Jonesborough, the oldest town in Tennessee. We're the little town with the big story. We've been entertaining guests for almost 225 years, and we've enjoyed every minute of it. We've had some very special visitors and residents. Andy (Andrew) Jackson opened his law practice in Jonesborough, and became a judge. As President, he spent time at our Chester Inn on his way back to the Hermitage in Nashville, and President James K. Polk spent time here too. Of course, President Andrew Johnson was our neighbor in Greeneville and spent a lot of time politicking in Jonesborough as well

Activities around Jonesborough

Two copies are included, one for your parents or guardian to keep and one to bring with you to ETSU. **ADDITIONAL COPIES WILL NOT BE DISTRIBUTED.**

“Open Time” periods are for homework, research and free time. Your first priority should be academic. When homework and research are complete, you might want to do laundry, go to the Center of Physical Activity, hike, or just lounge around your dorm. Residential counselors will be at the dorm to help you or to check you in and out of the dorm. Counselors may also have group activities planned during this time.

“Family Day” Most Sundays have been set aside for families to visit students. Students will be allowed to leave campus with their parents or legal guardian. Students may leave with another adult if we have written permission from the parent or legal guardian which specifies day and name of the adult. Provision for meals and activities will be made for students remaining on campus.
