

College of Business and Technology

2021-2022 Committees

Shared governance in college processes is ensured via standing committees and taskforces. Unless otherwise noted, each of these groups contains members from each CBAT department. These members represent their department in all committee matters and convey the decisions of the committee to their constituencies. Each committee has a designated administrative liaison who provides ongoing support to the committee and facilitates continuity of operations over time.

All faculty are encouraged to engage in College committee work. Before each academic year, faculty are surveyed regarding their preferences for committee service. Committees are then established on a per-academic-year basis. Every effort is made to honor faculty requests, but overall committee sizes are limited to reduce scheduling complexity. Faculty interest, aptitude/skill, past committee performance, and equitable department/rank representation on a given committee are factors considered when making committee appointments.

Appeals Committee

Members adjudicate cases of academic dishonesty and review grade appeals for fair and uniform application of university processes and procedures.

2021-2022 Committee Chair: Appointed per hearing

2021-2022 Members: *Gary Berg, Erin Cook, Todd Emma, Marty Fitzgerald, Matt Harrison, Jinseok Hong, Gary Shelley, Matt Jenkins, Kurt Loess, Heather Moore, Mark Steadman*
