

# LEADERSHIP SKILLS AND PLAN

1. Describe 3 leadership skills you have improved since you began the courses in the leadership minor.
2. Describe how you plan to incorporate your new knowledge of leadership into what you think your chosen profession will be.
3. Describe 3-4 ethical decisions and considerations you might face in your future career.
4. What kinds of teams might you lead in your new profession and what ideas about leading teams will you be sure to utilize?
5. Knowing the many things you learned about yourself in Leadership Theory and Practice and the Strengths Finder Assessment, what talents and strengths do you want to shine in your new profession and what talents and strengths will need a "work-around?"
6. Again, knowing what you know about yourself, how will you communicate with colleagues using your strengths and talents?
7. Building on the last question of your final in Leadership Theory and Practice, what leadership skills specifically will you choose to continue to improve over the next ten years, what new skills do you want to learn, and what books, authors, seminars, etc. will you want to make a plan to read, study, utilize?
