

Program Outcomes Data:

As part of the program's achieving and maintaining NAEYC accreditation, it must report annually on the following measures and display these data via an easily located link on the program's website. The program is strongly encouraged to use institutional resources [such as through an Institutional Research (IR) office if applicable] to assist in gathering the data on the outcome measures. Below are suggested data reporting templates, but the program is encouraged to report the data in a format that best meets its program needs. For institutions with more than one accredited program, data must be disaggregated and reported for each program.

Outcome Measure #1: The Number of Program Completers (Required)

- In the chart below, please indicate the number and percentage of program completers for the three most recent academic years. Note: the percentages of the last two columns must add up to 100% for each row (Copy and paste additional charts for each program if submitting multiple programs).

Program name: Early Care and Education

| Academic Year | Number of program completers | % of program completers who were attending full-time (at the time of completion) | % of program completers who were attending part-time ¹² (at the time of completion) |
|---------------|------------------------------|--|--|
| 2022-23 | 14 | 43% (6) | 57% (8) |
| 2021-22 | 17 | 71% (12) | 29% (5) |
| 2020-21 | 23 | 61% (14) | 39% (9) |

Program name: MA in Early Childhood Education (*Early Care and Education* Concentration)

| Academic Year | Number of program completers | % of program completers who were attending full-time (at the time of completion) | % of program completers who were attending part-time ¹² (at the time of completion) |

|---------------|------------------------------|--|--|
| 2022-23 | 0 | 0% (0) | 0% (0) |
| 2021-22 | 5 | 40% (2) | 60% (3) |

Outcome Measure #2: The Program Completion Rate (Required)

- **What is the published timeframe for full-time candidates to complete the early childhood program(s) included in this Self-Study Report?** (Please indicate in terms of the number of academic years; e.g., five semesters would be 2.5 academic years.):

The timeframe for full-time candidates to complete the early care and education undergraduate program is 8 semesters which is equivalent to 4 years.

The timeframe for full-time candidates to complete the MA in Early Childhood (Early Care and Education Concentration) program is 4 semesters which is equivalent to 2 years.

The timeframe for full-time candidates to complete the MA in Early Childhood (Research Concentration) program is 4 semesters which is equivalent to 2 years.

- In the following chart, please indicate **the percentage of full-time candidates completing the program within the program's published timeframe.**¹² **The program must complete the information for the 150% indicator and choose to report on either the 100%, 200%, or 300% indicator. The academic years selected must fall within eight years of the date this report is submitted. (Copy and paste additional charts for each program if submitting multiple programs).**

Example: A program with a published timeline of two years (four semesters at 15 credits a semester) to complete an A.A.S. in Early Childhood could select a Fall 2016 cohort on which to report. The 150% indicator indicates all members of the Fall 2016 cohort (full-time at the time of enrollment) who completed the program by Spring 2019. The 100% indicator only contains members of the Fall 2016 cohort who completed the program by Spring 2018. The 200% indicator contains all members of the Fall 2016 cohort who completed the program by Spring 2020, including those already counted in the 150% indicator. Lastly, the 300% indicator contains all members of the Fall 2016 cohort who completed the program by Spring 2022, including those already counted in the 150% indicator.

OR

- C. Institutionally designed measure that speaks to candidate outcomes in the program (list the measure and the data for the measure). The data must be reported for the most recent three academic years. Such measures might include the average GPA of the graduating class, the number of candidates who completed their courses with a "C" or above, the pass rate on national performance assessments such as edTPA, etc.
