

HONORS COLLEGE

EAST TENNESSEE STATE UNIVERSITY

Study Abroad Program

Studying abroad is a fulfilling and life-changing experience that is a good addition to any degree. Broaden your personal and educational perspectives by exploring new cultures, new languages, and new areas of study.

ETSU offers over 300 cost-effective study abroad opportunities in over 50 countries. Studying abroad allows you to explore your world and return home with a new perspective on your career and educational choices. Discuss your global goals with the study abroad coordinator to tailor your area of study and destination choice to your budget.

Cost-effective programs for the summer, a semester, or an entire year, some programs are equivalent to paying tuition, room, and board to ETSU. Students receiving financial aid may be able to use this funding toward most programs and also have the opportunity to apply for the ETSU International Education Scholarship.
