

Transfer from another Nursing Program

Students wishing to transfer to the ETSU CON from another nursing program must request special consideration through the CON academic appeals process. Transfer students must be in good academic standing at their current (or most recent) nursing program.

The Undergraduate Academic Standards Committee will consider appeals that meet the following requirements:

- **Documentation from a Pre-Nursing Advisor verifying eligibility in terms of transfer credits and completion of admission requirements**
- Admission to ETSU in good academic standing
- Submission of required CON application materials including official transcripts from the current (or most recent) nursing program
- Fulfillment of all ETSU CON minimum admission requirements
- Documentation of Good Academic Standing from the current (or most recent) nursing program which must include a copy of the official transcript from Dean or Director sent directly to the Chair of Academic Standards Committee.

Individuals wishing to be considered as transfer applicants from another nursing program are advised to contact the Office of Student Services for assistance.

Admission is not guaranteed and is only considered on a space-available basis.
