SPORT CLUBS

Creating a New Sport Club

Sport Clubs are registered student organizations that are recognized as Sport Clubs by the Campus Recreation Department at East Tennessee State University. Below is information on how to start a club and have it recognized as a Sport Club. For more information or to schedule a meeting with a member of the Sport Club staff please email us at SportClubs@etsu.edu.

The Sport Club Program requires potential clubs to complete the following steps:

- The club must be student-initiated.
- Documented interest through an interest meeting or sign-up sheet.
 - Register with Student Activities & Organizations (SAO)
- Meet with a member of the Sport Club staff to discuss goals, the activity level of the proposed club, club requirements, and potential budget.

If approved the Club is entitled to:

- Request practice space and/or meeting space.
 - Collect membership dues.
- Compete, and host, club competitions.

At the end of each semester, all clubs meet with the Sport Programs staff to review the status and direction of the club. If at any time a club fails to meet the requirements or violates any policies detailed in the Sport Club Handbook their charter may be revoked.
