Tips!

- Make sure your college(s) of choice have your most recent ACT scores. Even if the school itself is test-optional your ACT score is important when awarding scholarships!
- Continue to check your e-mail often! If you've been accepted to your school of choice make sure you are also checking your new e-mail through them as well.
- Finish the semester strong! You are so close to the finish line and your UB family is rooting for you and here to help!
