Thank you to everyone who came to our Senior Saturday! It was a huge success!

## TIP FOR COLLEGE

Network and make connections with people in your major. You will spend a great deal of time with these people and developing positive, and healthy relationships early can be advantageous and makes classes more enjoyable.

## College Terminology

**Add/Drop Period:** Period where students can change their class schedule by adding or dropping classes. This is usually within the first couple of weeks of the start of class. Check the school's academic calendar to find the dates.

**Early Action:** A nonbinding process that allows students to gain early admission to a school before those applying through the regular admissions process.

**Early Decision:** Unlike early action, this is a binding agreement where if a student is accepted for admission they are obligated to attend that school.
